Email: simranrani78295@gmail.com

Mobile: +91 7015839879

SKILLS

Languages:	C++, Python, Java, JavaScript
Frameworks & Libraries:	ReactJS, NodeJS, Express, HTML, CSS
Tools/Platforms:	Git, Github, VS Code, MySQL, LeetCode, Figma
Soft Skills:	Time Management, Problem-Solving, Adaptability

INTERNSHIP

AI Intern- Microsoft x Edunet Foundation Certificate	Apr' 25 – May' 25
- Completed an internship on Foundations of AI under Microsoft's Future Skills initiative. - Gained hands-on understanding of AI basics, ML concepts and real-world applications. - Developed analytical thinking and problem-solving skills through practical exercises.	

PROJECTS

EcoPlastic- Empowering Green action Link	May' 25
- Designed a platform to raise awareness on plastic waste and guide users toward responsible disposal and sustainability. - Built a responsive web application enabling users to learn about waste categories, view disposal methods, and submit waste-related reports through an intuitive interface. - Enhanced user awareness and participation in waste-management activities, fostering eco-friendly habits and improving educational reach across users.	
Tech Used: HTML, CSS, JavaScript, PHP, MySQL	

Facial Emotion Recognition System Link	Jul' 25
- Enhanced user interaction and responsiveness by 60% through real-time emotion detection, enabling systems to adapt dynamically based on user expressions and emotional cues . - Improved model accuracy and reliability by implementing a robust deep-learning pipeline for face detection and classification of 7 universal emotions, ensuring consistent performance. - Strengthened application usability with interactive features such as live confidence scoring, snapshot capture, and debug mode—resulting in a more transparent, and highly engaging experience.	
Tech Used: Python, OpenCV, Keras, TensorFlow, Computer Vision	

TRAINING

AI & ML - Lovely Professional University Certificate	Jun' 25 – Jul' 25
- Completed structured training in core Artificial Intelligence and Machine Learning, covering supervised, unsupervised, and deep learning approaches. - Gained hands-on experience building and evaluating ML models using Python, improving analytical and implementation skills through real-world case studies . - Applied learned concepts to multiple real-world case studies, creating ML solutions that demonstrated measurable improvements in prediction accuracy.	

CERTIFICATES

ReactJS Course GeeksForGeeks Certificate	Sep' 25
OCI Certified Generative AI Professional Oracle University Certificate	Aug' 25
Cloud Computing NPTEL Certificate	Apr' 25

ACHIEVEMENTS

Selected as AI Intern at Microsoft x Edunet from 20,000+ applicants.	May'25
Completed 220+ problems on LeetCode, CodeChef & GFG, improving problem-solving ability. Link	Nov'24
Earned a 5-Star Rating on HackerRank for proficiency in C++ problem-solving. Link	Aug'24

EDUCATION

Lovely Professional University	Phagwara, Punjab
Bachelor of Technology	Aug' 23 – Present
Computer Science and Engineering; CGPA: 7.73	
Holy Star School	Bupp, Sirsa
Intermediate	Mar' 22 – May' 23
PCM; Percentage: 83%	
Holy Star School	Bupp, Sirsa
Matriculation	Mar' 20 – May' 21
Percentage: 100%
